Moe Ankney

Their names are familiar, because they have made an impact on football at all levels of the game — high school, college, and professional.

They belong to the Falcons' Nest of Coaches, an organization created in 1984 for the purpose of promoting the proud tradition of Bowling Green Falcon football. Through the development of student and graduate-assistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They've studied and matured under the coaching philosophies of Warren Steller, Doyt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green State University, the Falcons' Nest of Coaches.

A Year Older, Ankney's Falcons Better Prepared For MAC Wars

Bowling Green Coach Moe Ankney will have a more veteran team in 1989 than he had a year ago, when the Falcons struggled through an uncharacteristic 2-8-1 campaign, 1-6-1 in the Mid-American Conference.

Forty-one lettermen return this fall, including 17 starters (eight on offense, seven on defense and two kickers).

"It's kind of a young veteran team," said Ankney, now 12-20-1 after three seasons as head coach at his alma mater. "There aren't many seniors. But there are more kids who played a lot of football coming back at their positions."

Offensively, the Falcons should continue to be one of the best passing clubs in the conference. Split end REGGIE THORNTON and flanker RONALD HEARD will both be four-year starters. KYLE HOCKMAN returns for his third year as a starter at tight end.

Senior RICH DACKIN, a three-year starter with almost 4,200 career passing yards to his credit, returns after missing the last six games of his junior season with a broken wrist.

The offensive line features four returning starters, including senior TOM ADDIE, a mainstay up front since the 1987 campaign.

Defensively, the Falcons will have experienced players at most positions. Depth is a concern everywhere but at inside linebacker, where four Falcons return with starting experience.

Ankney sees seniors DERRICK CARR, a tackle, LARRY LAMBRIGHT, a linebacker, and MIKE HOLMES, who returns to free safety in '89, as key players in an improved defensive unit.

On paper, the Falcons should have two of the best kickers in the conference in senior placekicker JASON ZELLER and junior punter CRIS SHALE.

The '89 schedule could give the Falcons a chance for a fast start. After a non-league game at East Carolina, the Falcons open the MAC schedule at home against Ball State and Central Michigan. Three of BG's first four league games will be at Doyt Perry Field.

"We have a ways to go to build confidence and believe in ourselves," Ankney says. "The thing that will bring that about is to have some success early in the season. All the bad things that happened in '88 will be forgotten with a good start in '89."

THE OFFENSE
(8 starters return/3 starters lost)

With three receivers and a quarterback returning for their third year together as a quartet, it's easy to see why Ankney feels one strength of his '89 squad will be the passing game.

The Falcons ranked second in the MAC in passing last year, averaging 214.8 yards per game, despite starting three different quarterbacks because of injuries. BG's running game, however, showed a 91.8-yard average, last in the conference.

Senior REGGIE THORNTON, a two-time All-MAC split end, and flanker RONALD HEARD are two of the premier receivers in the MAC. Together, Thornton and Heard have caught almost 200 passes for more than 3,000 yards. Add to their totals that of senior tight end KYLE HOCKMAN (70 catches, 730 yards) the last two seasons, and three of the MAC's top 10 receivers will be wearing the Brown and Orange this fall. Junior wide-out ALLEN SMITH and sophomore tight end BRETT LANDMAN are listed as solid reserves.

Reggie Thornton

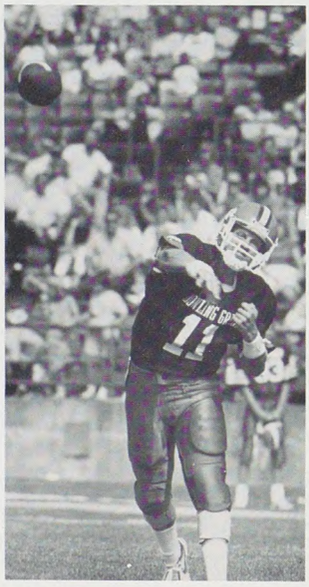
Quarterback RICH DACKIN is eager to close out his college career on a high note after a difficult junior year. On October 1, Dackin, once a picture of passing efficiency, had been struggling, completing only 47 percent of his aerials while throwing nine interceptions. In Game 5, his season ended with a broken wrist.

Dackin recovered from his injury rapidly and surprised his coaches with impressive showings in the last two scrimmages of the spring. "It is obvious he is our No. 1 quarterback. He's our leader. The team responds to him," said Ankney.

Senior STEVE SPRAY, the starting QB in the final game last season, sophomore PAT GUCCIARDO, and red-shirt freshman ERIC WHITE will battle with others for position behind Dackin.

The BG ground game will be headed by a pair of sturdy seniors, tailback CHARLES EDGERTON and fullback RON VISCOUNTE. Last season's rushing leader Mike McGee is gone, but Edgerton (105 carries, 427 yards) and Viscounte (22, 103) were BG's second- and third-leading ballcarriers. Viscounte was also fifth on the squad in receptions with 22 for 148 yards.

Listed among the reserve tailbacks are juniors ROZELL WINTERS (four carries, 13 yards) and DEON ALLEN, a converted linebacker from last season. At fullback,



Rich Dackin

Kyle Hockman

Ronald Heard

sophomore MARTY MATISCIK (one carry, three yards) and red-shirt freshman TONY LEE will push Viscounte.

There will be some old faces in new positions on the offensive line. Overall, eight lettermen return. And the average size of BG's top 10 linemen is 6-3, 273.

Of the returning starters, senior TOM ADDIE (6-3, 275) will likely move from guard to tackle this fall, junior BILLY HORN (6-6, 275) from tackle to center, and junior BRIAN SHERMAN (6-1, 265) from center to guard.

Sophomore MATT KREGEL (6-3, 270) returns after gaining a starting position at tackle in his red-shirt freshman campaign. Rounding out the front five could be senior SHAWN ZIMMERMAN (6-3, 255), who may have secured his first starting job at left guard after an impressive spring.

ary. If the Falcons are to be contenders in '89, they will need improvement from a defensive unit that finished next to last in the conference in total defense last year, allowing 405.4 yards per game.

"We have more guys who know what they're doing," says Ankney. "We learned a lot from last year. Our kids need to be more aggressive and physical. It's tough to be aggressive when you're thinking too much."

Senior tackle DERRICK CARR, all 6-6, 265-pounds of him, returns to anchor the defensive line for the second straight year. BG's second-leading tackler among linemen in 1988 with 59 stops, Carr will be BG's only senior up front.

Three other lettermen return on the line, including sophomore MARK ROSS (52 tackles), a part-time starter at nose guard last season. Sophomore tackles BRIAN LAIRD and STEVE WILBOURNE will battle for the starting spot at right tackle.

returning tackler (110), while Lambright (53) played in eight games.

DAL MCDONALD (95 tackles) and CHARLES DOTSON (30) both have starting experience, while TONY PARNELL is coming off a strong spring.

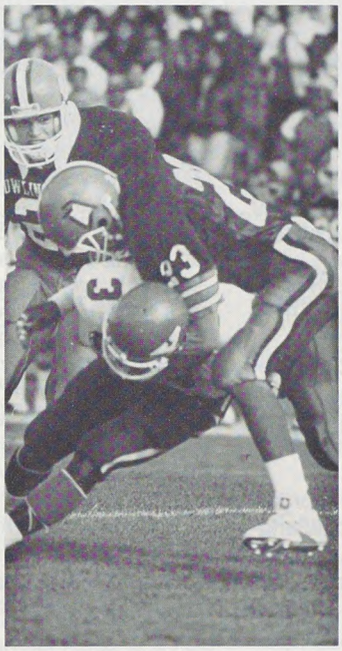
There are some very big shoes to fill in the secondary, where Kyle Kramer, a fifth round draft pick of the Cleveland Browns, and Tony McCorvey have vacated their posts. Kramer was a three-time All-MAC safety, while McCorvey was second in the MAC with seven interceptions.

Senior MIKE HOLMES (91 tackles) will return to safety for his second season as a starter there. He is also a two-year starter at cornerback. Sophomore TERRY WILSON (97 tackles) will retain his starting strong safety spot.

On the corners, sophomore DEWAYNE HARRIS and red-shirt freshman KEN BURRESS are projected starters, but look for

Derrick Carr

Larry Lambright



Mike Holmes

Jason Zeller

There appears to be some depth up front, as well. Center BRIAN WALNSCH (6-3, 265), guards RICK YOUNG (6-3, 270) and HAROLD ARROWSMITH (6-3, 265) and tackles ERIC FITZPATRICK (6-2, 330) and VERNON WILLIAMS (6-4, 265) are all capable of stepping in and seeing a lot of action this fall.

THE DEFENSE
(7 Starters Return/4 Starters Lost)

Seven starters return on defense, where the Falcons will be deep and loaded at inside linebacker. In addition, seven of BG's top nine tacklers from the '88 season return.

Still, the Falcons are thin up front, at outside linebacker and in parts of the second-

Sophomore PAUL HARRIS moved from linebacker to nose guard and could compete with Mark Ross and JuCo transfer STEVE ROSS for playing time.

Junior PAT JACKSON, a second team Academic All-American, and sophomore D.J. OGILVIE are the likely starters at outside linebacker, after both saw their first action at those positions last fall. Jackson, who will continue to see spot duty at tight end, made 14 solo tackles in a season of transition and injuries. Ogilvie was in on 25 hits a year ago. Junior KEITH PACE and sophomore DON TECCO should see plenty of action, as well.

"We have good quality depth with four maybe five inside backers who can play," says Ankney. Senior LARRY LAMBRIGHT and junior DUANE CRENSHAW are the best of the group. Crenshaw is BG's top

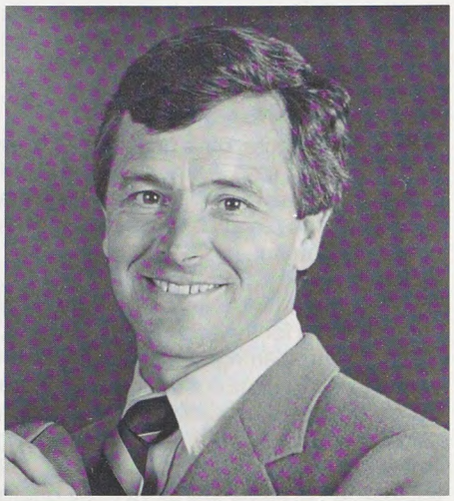
senior RAY SOUTHARD and sophomore DAVE JACOBS to see plenty of action, as well.

KICKERS
(2 Starters Returning/0 Starters Lost)

The outlook is good for BG's kicking teams, with three-year letterman JASON ZELLER back to handle the placekicking duties and junior punter CRIS SHALE back after earning second team All-MAC honors in '88. Ankney says his kickers are "probably the top strength of our team."

Zeller has not missed an extra point in 43 tries while kicking for the Falcons. He has good range for field goals, converting a 48-yard attempt at Central Michigan last year. Shale led the league with a 41.5-yard punting average last year, his first year as the Falcons' punter.

MOE ANKNEY



Now in his fourth year as head football coach at Bowling Green State University, Howard M. (Moe) Ankney believes the future of Falcon football will be as bright as its past.

"Bowling Green football is strong, and Bowling Green football is respected across the country," Ankney says. "When our players put on the Bowling Green uniform, they are eager to go out and uphold that winning tradition."

Hanging on his Doyt L. Perry Field office wall is a framed list of five objectives. Meet these goals, Ankney tells his players, and Bowling Green will maintain its reputation as one of the top two Mid-American Conference football programs of the 1980s.

—BOWLING GREEN FOOTBALL GOALS—

1. Each player earn a college degree
2. Continue the winning tradition
3. Beat Toledo
4. Win the California Raisin Bowl
5. Each player become the best that he can be as a student, as an athlete and as a person.

With these goals in mind, Ankney will lead his Falcon football team into the 1989 season, the 71st season in the long history of intercollegiate football at BGSU.

Appointed as the University's 13th head football coach on December 30, 1985, Ankney has coached the Falcons to second-place finishes in the MAC twice in the last three years. BG finished second in 1986 and second in 1987, before struggling to an uncharacteristic eighth-place finish last season.

Ankney has a 12-20-1 overall record at BGSU, a record that reflects the challenging non-conference schedule Bowling Green has played the last three seasons. BG lined up against a defending national champion one year, and then a team that played for the national title the next. In 1986, the Falcons visited Minnesota and Washington. In 1987, it was Penn State and Arizona. And last season, West Virginia and Texas Christian were confronted.

The Falcons will be challenged again outside of the MAC in '89. BG opens at East Carolina and closes the season at Tulsa. In between, the Falcons host Akron at Perry Field.

Ankney, a 1964 BGSU graduate, returned to his alma mater after serving six seasons as the assistant head coach, defensive coordinator and secondary coach at the University of Arizona of the Pacific-10 Conference. In leaving Arizona, he left a long-time coaching associate and friend, Arizona Head Coach Larry Smith. Like Ankney, Smith is a Bowling Green graduate, and the two coached together for 10 seasons.

Prior to joining the Arizona staff in 1980, Ankney was Smith's defensive coordinator and secondary coach at Tulane for four seasons between 1976-79. And before that, he was the secondary coach at Ball State from 1971-75 under the late Dave McClain. In all, he has spent 17 seasons coaching football at the collegiate level.

At each stop, Ankney was instrumental in helping to rebuild struggling programs. While at Ball State, he helped the Cardinals improve their record from 4-5-1 in 1971 to 9-2 in 1975. At Tulane, Ankney helped the Green Wave from a 2-9 record in 1976 to a 9-2 mark and a berth in the Liberty Bowl in 1979. The Arizona Wildcats were 5-6 in 1980 and improved their record to 8-3-1 in 1985, including a 13-13 tie with Georgia in the Sun Bowl. His Arizona defensive units finished among the nation's statistical leaders from 1982-85.

Among his former players in the National Football League have been Denver Broncos linebacker Ricky Hunley and Cleveland Browns defensive back Al Gross. More than 20 of his former players have gone on to careers in professional football. At Bowling Green, Ankney has coached Kyle Kramer, a fifth-round draft pick by the Browns, as well as several others who have signed free agent contracts.

Ankney entered the coaching profession at the high school level. He was an assistant football and wrestling coach at Eaton High School for the 1964-65 seasons and then became head coach at Dayton Northridge in 1966. He moved on to Dayton Wayne High School as head coach in football and tennis in 1967 and stayed until 1971 when he joined the Ball State staff. His five-year head coaching record in the high school ranks stands at 24-21-5. While coaching in the Dayton area, Ankney earned his master's degree from Miami University in 1969.

Ankney, 47, a native Ohioan, grew up in Xenia before moving to Kettering as a high school senior. A 1960 Fairmont High School graduate, he was an all-state quarterback and a participant in the Ohio All-Star game.

While a student at BGSU, Ankney played on two MAC Championship teams as a reserve quarterback and lettered twice under legendary Coach Doyt Perry. The Falcons went 23-5-1 from 1961-63.

While an undergraduate, Ankney earned election to Omicron Delta Kappa, a leadership honorary, Phi Alpha Theta, a history honorary, and Kappa Delta Pi, an education honorary.

Ankney was reared in a football family. His uncle Pete was his head coach at Fairmont High School. Pete Ankney also was a head coach at Canton McKinley High School and at the University of Dayton. Moe's father, Ben, coached at Miami University and at Xenia High School.

Moe and his wife, Carlalee, are the parents of two daughters (Angela, 26, and Molly, 21), a son (Andy, 24), and two grandchildren (Ashley, 3, and Bryce, 1).

Howard Milton Ankney was born June 23, 1942.

On attitude:
"I was very pleased with the hard work, intensity and enthusiasm of our football team during spring practice. I could not have asked any more of them during those 20 days of spring practice. We did not talk about last year's failures; all we talked about was future success. We have a little ways to go to build the confidence and believe in ourselves. The thing that will bring that about is to have some success early in the season."

On the offensive line:
"I think the offensive line has improved a great deal. We don't have a lot of seniors, but we have quite a few guys who have played and have experience. The offensive line this spring was really working together as a unit as well or better than they ever have. That's a good sign for the fall."

On the passing game:
"We realize that if we're going to get the big plays, it's going to come from the passing game, from Rich Dackin and Ronald Heard and Reggie Thornton. We need to give them that opportunity to make big plays and get them the ball, and let them do their thing with their speed and skill. The passing game is going to be very important to any success we have."

On the quarterbacks:
"It was obvious that Rich Dackin was the No. 1 quarterback. We expect him to have a real fine senior season. He's our leader on offense. The team responds to him. A lot was accomplished with our second and third quarterbacks. It would be difficult to determine right now who's second and who's third, but Pat Gucciardo and Erik White are competing for that position. They both show the ability and potential to be real good quarterbacks."

On the running game:
"Right now, Chuck Edgerton is the No. 1 back out of the I formation. We still need to have at least two more tailbacks that we think can play. The I-back runs the ball so much, you need to have some depth and quality at tailback to get through the season. Rozell Winters and Deon Allen both did real well this spring. Andre Smith is still a factor, possibly. There's a lot of competition there."

On the option game:
"We think the option will help us, because it will keep the defense more honest. That will help our passing game, and it will enable us to get the ball outside more than what we have in the past. We had the option last year, but when we had the quarterback injuries, they took that away. Two years ago, Rich ran the option a few times very successfully. We hope that this year, if we can bring it along, teams will have to be concerned about it."

Photo by The Key

Ankney with Brian Sherman (57) after BG's 42-0 Homecoming victory over Ohio University last year.

On the defensive line:
"The defense is very young, even though there are a lot more guys this year with experience. Of our up-front people, Derrick Carr has to be our quality player. For us to be any good, he has to have a real good season as a player and a leader. Brian Laird was probably our most improved player on the team. Steve Wilbourne got some valuable experience last year as a freshman. He's going to get better and better because he's so young. Paul Harris and Mark Ross will be fighting it out at the nose guard position."

On the outside linebackers:
"Pat Jackson will be the main guy. He was moved there last fall and didn't get much of a chance to play because he was hurt most of the time. This spring, he showed he can be a good outside linebacker. We moved Keith Pace to outside linebacker. He really blossomed in spring practice and showed more out there than he did at inside linebacker. He's fast and adds that element of speed to our defense. D.J. Ogilvie played a lot last year. He's a steady player and had a good spring."

On the inside linebackers:
"It's good to have quality depth there. We have four maybe five inside backers who can play, and four of them have a lot of experience. We've got some size, and we've got some speed. It's a good mixture. Right now Larry Lambright and Duane Crenshaw are No. 1, but Dal McDonald, Charles Dotson and Tony Parnell are all competing very well."

On the defensive secondary:
"I'm concerned about the secondary; that's one of the areas we need to strengthen in the early part of the season. We have two experienced players in Terry Wilson and Mike Holmes. They're experienced and we have them to build around. After that I am concerned even though we have some good players. Ken Burress is the first team halfback. He's a red-shirt freshman with a lot of talent and he's fast, but he's never been in a game. At the other corner, DeWayne Harris has never played. But we have Ray Southard, who's kind of a sleeper. He missed last year. He could be a big bonus if he could come through."

On the special teams:
"There's reason to believe we can have the best kicking game in the conference, or at least that we've had in a long time. Cris Shale is going to be better. Last year was his first year. 'Fuzzy' Zeller is fired up for his last season. He's done real well adapting without a tee."

One of the most ambitious athletic department facelifts in recent years resulted in the $300,000 Athletic Fitness Center on the west side of Doyt L. Perry Field.

The 5,800-square foot fitness center is striking in appearance and quite functional. Since its opening in the summer of 1988, the Athletic Fitness Center has already been instrumental in helping BGSU student-athletes reach their potential for strength and conditioning.

The facility offers everything from free weights and Nautilus equipment to an open mat area for general fitness and agility exercises. Office space, restrooms and lockers are also available.

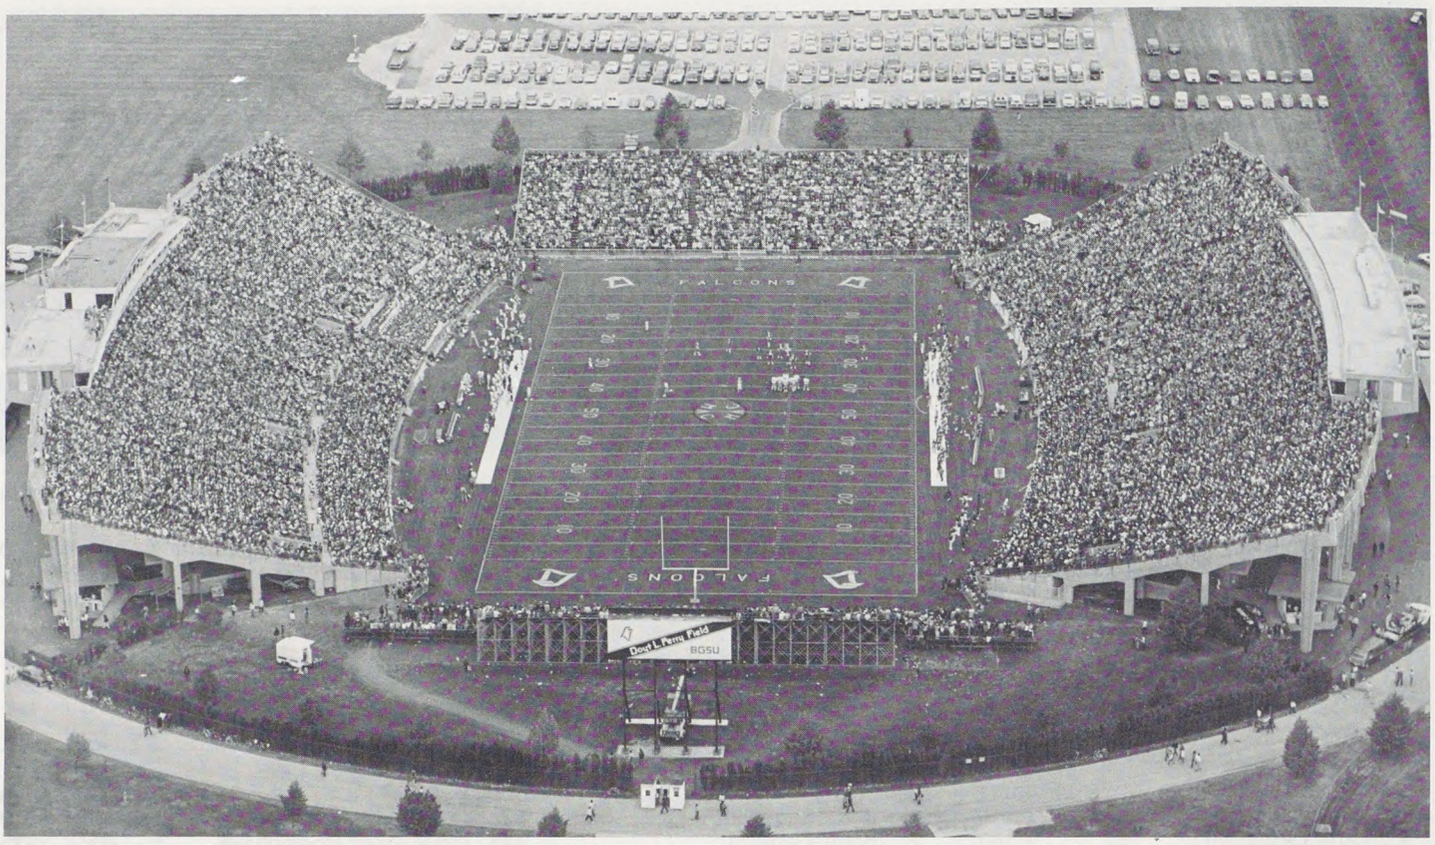
DOYT L. PERRY FIELD



Bowling Green holds the MAC record for single-game attendance (33,527).

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 23rd year as the home of Bowling Green State University football.

Built in 1966 for approximately $3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Field for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, an average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic Department offices. The west side received a face-lift two years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 10th year of operation, the Stadium Club's 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President's Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won almost 65 percent of their home games, compiling a 72-39-3 record in the 114 games played at Perry

BGSU students are among the most vocal fans in the MAC.

Field. Over the last six seasons, Bowling Green is 23-6-1 at home for a .783 winning percentage.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, according to James Van Valkenburg, director of statistics for the NCAA, only two coaches on the Division 1-A list are above that figure — Knute Rockne at .881 (Notre Dame) and Frank Leahy at .864 (Boston College and Notre Dame).

Perry, 79, is as popular as ever in Bowling Green. He spends his winters with wife Loretta in Florida. Each summer, he entertains his friends and former players at a golf outing.

Known for his well-organized practices and attention-to-detail meetings, Perry never stopped thinking of ways to succeed. He was a winner in football and as a high school basketball coach. His basketball teams were 161-35 over nine seasons and his high school track teams won 70 county titles in nine years.

"First, I always tried to get the best assistant coaches possible," Perry said of his success. "Then we sought to eliminate mistakes as far as possible."

After stepping down as Bowling Green's head football coach in 1964, Doyt Perry remained as the BGSU Athletic Director for almost seven years.

DOYT PERRY 1988 College Football Hall of Fame Inductee

Doyt Perry

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

In January of '88, he learned that he would be an inductee into the National Football Foundation's College Football Hall of Fame.

In October, when Bowling Green hosted Miami at Doyt L. Perry Field, the man in whose honor the stadium was named was there for a special on-campus presentation by the National Football Foundation.

In December, Perry was in New York for the Foundation's Hall of Fame Dinner. He was officially enshrined into the College Football Hall of Fame at Kings Island, OH, this past June.

Perry's association with BGSU dates back almost 60 years when, as a student he lettered nine times in three sports (football, basketball and baseball). The Croton, OH, native received his degree in 1932 and began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. The next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .855, topped only by Knute Rockne and Frank Leahy of Notre Dame. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU's athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, the late Dave McClain of Wisconsin and Bowling Green's own Moe Ankney.

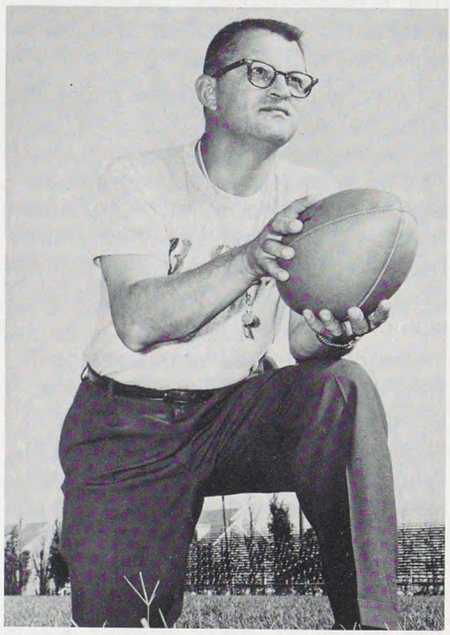
Bowling Green State University football celebrates its 70th Anniversary in 1989, and if it keeps with tradition, the '89 season will be a successful one.

The 1980s have brought added color and excitement to Bowling Green's reputation as a Mid-American Conference power this decade. Only Central Michigan has a better MAC record than BG's 52-25-2 mark in the 1980s.

Bowling Green's success on the football field has mirrored a high level of achievement in all sports at BGSU the last nine years. The Falcons have won 22 conference titles since 1980, 18 in the MAC and four more in the Central Collegiate Hockey Association. Eighteen teams have gone on to post-season play in the NCAA, NIT and in the California Bowl. Bowling Green's 1983-84 hockey team won the NCAA Division I Championship.

Falcon football has long had a reputation for success. With great coaches like Warren Steller (1924-34), Robert Whittaker (1941-54), Doyt Perry (1955-64), Bob Gibson (1965-67), Don Nehlen (1968-76), Denny Stolz (1977-85) and now Moe Ankney, Falcon football teams have captured eight MAC Championships since Bowling Green joined the conference in 1952. Bowling Green's 70-year football record is 354-225-48, a winning percentage of .603.

Bowling Green made two trips to the California Bowl in 1982 and 1985, but the Falcons are still searching for their first Cal Bowl win after two losses to Fresno State. BGSU is one of two MAC teams to have made the trip twice to Fresno, CA, for the Cal Bowl, the other being Toledo.



Hall of Famer Doyt Perry (1955-64)

All-American Bernie Casey (1958-60)

Bowling Green's proud past also includes the NCAA College Division Championship and the school's first perfect season (9-0) in 1959. The next season began one of the finest decades in all of college football. From 1960 through 1969, the Falcons won 71 games, lost 22 and tied two for a winning percentage of .758. Among the nation's major colleges, only Alabama, Texas, Arkansas and Mississippi produced better records than Bowling Green during the 1960s.

Eleven Bowling Green players from that period went on to the National Football League, including All-Americans Bernie Casey and Mike Weger. Jamie Rivers and Bob Reynolds played a combined 20 seasons in professional football.

More than 50 former Falcons have been drafted by or played for a professional football team. Several BG players dot today's NFL rosters, including Doug Smith, an all-pro lineman with the Los Angeles Rams and Martin Bayless of the San Diego Chargers. Kyle Kramer, a three-time All-MAC selection, was drafted earlier this year in the fifth round by the Cleveland Browns.

Some of the nation's best coaches have spent time at Bowling Green, as evidenced by the many names associated with the Falcons' Nest of Coaches, an organization of high school, college and professional coaches. Doyt Perry, of course, is still recognized as one of the winningest coaches of all time with a 77-11-5 record over 10 seasons. For more on Doyt Perry and his 1988 induction into the College Football Hall of Fame, please see page 39 of this media guide.

Doyt Perry developed a number of fine college football coaches. Bo Schembechler of Michigan was a BGSU assistant coach in 1955. Indiana's Bill Mallory was both a graduate assistant and assistant coach here. Bowling Green graduates now serving as head coaches at the Division I-A level include Moe Ankney '64, now in his fourth season at his alma mater, Jerry Berndt '62 at Temple, Don Nehlen '58 at West Virginia, Larry Smith '62 at Southern California, and Jim Young '57 at Army.

More than 50 former Falcons have been drafted by or played for a team in the National Football League, American Football League, World Football League, United States Football League or Canadian Football League.

Among them have been several players who have made significant contributions to their professional teams: players such as Bernie Casey '61, a wide receiver with the Los Angeles Rams and San Francisco 49ers in the 1960s; Bob Reynolds '63, an offensive tackle with the St. Louis Cardinals for more than a decade; Jamie Rivers '67, a linebacker for three pro teams for nine years; Bob Schnelker '51, an offensive end with the New York Giants; Phil Villapiano '71, an all-pro linebacker with the Oakland Raiders and Buffalo Bills; Mike Weger '67, a Detroit Lions defensive back; and Dave Preston '77, an all-purpose back with the Denver Broncos.

Currently, several former Falcons dot the rosters of professional teams. They include All-Pro center Doug Smith '78 with the Los Angeles Rams and defensive back Martin Bayless '84 of the San Diego Chargers. A 10-year NFL veteran as a player, Bob Schnelker '51 is in his 27th season of coaching in the NFL. He has been offensive coordinator for the Minnesota Vikings since 1986. Ron Blackledge '60 is in his eighth year as offensive line coach for the Pittsburgh Steelers.

New to the NFL scene is Kyle Kramer, a fifth-round draft pick of the Cleveland Browns earlier this year.

Three former Falcons have been drafted as high as the second round — Bernie Casey by San Francisco (1961), Bob Reynolds by St. Louis (1963), and Phil Villapiano by Oakland (1971). Mark Miller was BG's only third-round pick (by Cleveland, 1978). Martin Bayless was tabbed in the fourth round by St. Louis (1984). And like Kramer, Jamie Rivers was selected in the fifth round by St. Louis (1967).

More than 30,000 fans can watch the California Raisin Bowl in Fresno, California.

The Mid-American Conference is in the ninth year of an agreement that annually sends the MAC Champion to the California Raisin Bowl in Fresno, California. The game, played in Fresno State University's 30,000-seat Bulldog Stadium, pits the MAC champ against the champion of the Big West Conference, formerly called the Pacific Coast Athletic Association.

The 1989 California Raisin Bowl is scheduled for December 9 in Fresno.

The Cal Bowl's history has included some big wins for both conferences. The MAC won two of the first three Cal Bowl games. Nevada-Las Vegas beat Toledo in California Bowl IV; however, UNLV later forfeited the game due to the use of ineligible players. The Big West champ then won the next two Cal Bowl games, before Eastern Michigan claimed the 1987 Cal Bowl title by beating San Jose State, 30-27. Fresno State was the 1988 champion, beating Western Michigan, 35-30.

Bowling Green is one of two MAC teams to have made the trip twice to Fresno, with Toledo being the other. The Falcons appeared in Cal Bowl II on December 19, 1982 and lost a 29-28 heartbreaker in which Fresno State rallied from a 21-0 third-quarter deficit.

Cal Bowl V featured a rematch between Bowling Green and Fresno State. This time, however, the Bulldogs dashed to a 51-7 victory on December 14, 1985.

The California Raisin Bowl is more than just a post-season football game. It is a community happening for San Joaquin Valley citizens who rally around a cause—a remarkable pediatric medical care facility, Valley Children's Hospital.

While every NCAA sanctioned college bowl game must have a stated beneficiary, the California Raisin Bowl is the standard bearer in that respect. The benevolence of the Greater San Joaquin Valley Sports Association is proudly displayed as every aspect of the Cal Bowl revolves around the well-being of the young patients at Valley Children's Hospital.

Fund-raising activities, including a 10K run, bike rally, coronation ball, and, of course, the game itself, directly benefit the hospital. The Cal Bowl has generated more than $130,000 for hospital equipment and services.

The Cal Bowl is one of just two closed-end agreements matching the champions of two conferences. The other is the Rose Bowl.

FALCONS IN BGSU HALL OF FAME

One of the highest honors bestowed upon a Bowling Green State University athlete is induction into the BGSU Athletic Hall of Fame. Any former Falcon athlete out of school for at least five years, a coach or a contributor to BGSU athletics is eligible for induction. With the addition of five new members last winter, including former football player Jim Young, there are now 107 members of the BGSU Athletic Hall of Fame. A portrait of each inductee is on display in the lobby of the BGSU Ice Arena. The 57 inductees with a football background are listed below.

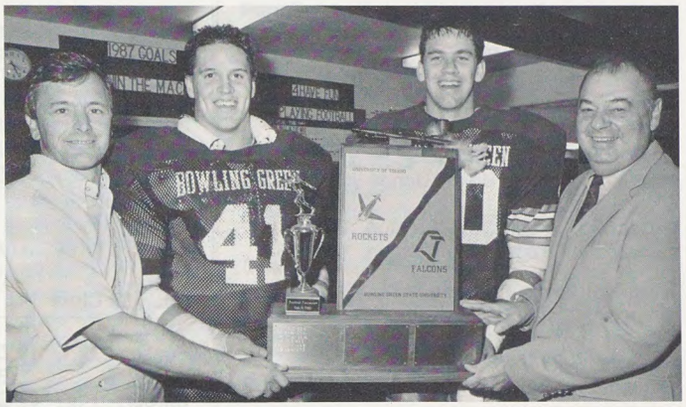
The Anniversary Award, last won by Bowling Green in 1987, held by (l-r) BG Coach Moe Ankney, Quarterback Rich Dackin, Linebacker Erik Johnson, and BG Athletic Director Jack Gregory.

ANNIVERSARY AWARD

BOWLING GREEN vs. KENT

The Anniversary Award was the property of Bowling Green from 1985 to 1987, before Kent gained possession with last year's 31-19 rain-soaked victory over the Falcons at Kent. Established in 1985 by the respective alumni departments at BGSU and Kent, the Anniversary Award commemorates the founding of BGSU and Kent in the year 1910. The award, presented annually to the winner of the BG-Kent football game, was first won by the Falcons following a 26-14 win over the Golden Flashes at Doyt L. Perry Field. The Falcons retained the award with a 31-15 win at Kent in 1986 and a 30-20 win at Perry Field in 1987, before Kent's 12-point victory last season. BGSU leads the all-time series with its "sister school," 38-13-6. Kent has been on BGSU's football schedule more often than any other Falcon opponent. This year's BGSU-Kent game will be played on Parents' Day, November 4, at Doyt L. Perry Field.



The Peace Pipe, last won by Bowling Green in 1987, held by (l-r) BG Coach Moe Ankney, Linebacker Joe Foley, Tight End Kyle Hockman, and BG Athletic Director Jack Gregory.

PEACE PIPE

BOWLING GREEN vs. TOLEDO

The Peace Pipe is a traveling award that goes to the winner of the annual gridiron battle between Bowling Green and Toledo. Thanks to last year's 34-5 Rocket victory at The Glass Bowl, the Peace Pipe now resides at Toledo. The Peace Pipe tradition actually began on the basketball court during the 1947-48 season. At that time, the teams exchanged a six-foot long wooden peace pipe. The original basketball Peace Pipe disappeared, so, in 1980, the Peace Pipe was reinstated for football. Today's Peace Pipe is a smaller version of the original pipe, resting atop a trophy that displays the score of each football meeting since 1980. BGSU leads the all-time series with Toledo, 28-21-4. This year's BGSU-Toledo game will be played on Homecoming Day, October 14, at Doyt L. Perry Field.

BOWLING GREEN STATE UNIVERSITY

An aerial view of the Bowling Green State University campus.

Bowling Green State University offers a range of educational opportunities expected in a large university, yet retains the personalized small-school atmosphere of its early years.

When Bowling Green Normal School opened its doors in 1914, there were 15 faculty members and all 158 students were studying to be teachers. Today, the University has nearly 720 full-time and 200 part-time faculty and 17,800 students on its main campus. Degree programs are offered through the Colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology, and the Graduate College. Within the undergraduate colleges are Schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

The University offers more than 170 undergraduate degree programs, 75 master's degree programs and has 14 departments granting doctoral degrees in 53 specialty areas.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers 17 two-year associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands College enrolls about 1,200 students.

The Student Recreation Center offers something for everyone.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

The University's faculty members, 82 percent of whom hold the highest degree in their fields, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized, including the chemistry department which hosts an Ohio Eminent Scholar in Photochemical Sciences. The Ohio Eminent Scholar program was created by the Ohio Board of Regents to attract world class scholars to the state's universities.

Committed to teaching, faculty are scholars as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture, and the Social Philosophy and Policy Center. Bowling Green is also the site of the National Drosophila Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. During the spring term of the 1988-89 academic year, there were more than 2,700 "non-traditional" adult students enrolled in undergraduate and graduate degree programs on a full- or part-time basis.

The focal point of the 1,250-acre campus is the nine-story Jerome Library, with its collection of more than 4 million items, including 1.5 million books plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perrysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. An example is the recently completed $3.65 million addition to the Business Administration Building. A major renovation of Williams Hall, home of the history, sociology and political science departments, was completed in 1988. Upcoming renovation projects include Shatzel Hall and Overman Hall. Also, numerous computer facilities have been installed and upgraded throughout campus.

PRESIDENT PAUL J. OLSCAMP

When Dr. Paul J. Olscamp became Bowling Green State University's eighth president in 1982, he charted a course that would move Bowling Green into the ranks of the country's most important national educational resources. The effort, he said, would be an unrelenting commitment to excellence in teaching, research and service at the University. Indeed, he adopted the slogan "An Environment for Excellence" to describe his hopes for Bowling Green.

Since then, everything the energetic Olscamp has done at Bowling Green has been aimed at fulfilling that vision. Early in his administration, Olscamp and the faculty outlined the task to be done in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

Now, as Olscamp begins his eighth year at Bowling Green, many of the Role and Mission Statement's original goals have been met and and Faculty Senate's Committee on Academic Affairs has assigned new priorities including the recruitment of minority faculty and students and greater emphasis upon research production.

More than any other president in Bowling Green's history, Olscamp has sought to fully involve the faculty in University governance. Faculty now have an important role in developing the annual budget and share authority with the president in interpreting the University's Academic Charter. Before the change, only the president had that power. The faculty also have greater control over the curriculum and development of new academic programs.

Olscamp brings a personal touch to the presidency and frequently hosts students for breakfast at his home, eats with them in campus dining halls and attends as many student events as his schedule permits. In the past five years he has hosted more than 575 faculty at a series of "fireside talks" at the president's home. During the academic year he holds weekly forums for students wanting to discuss campus issues.

HIGHLIGHTING THE OLSCAMP ADMINISTRATION

A great deal has happened at Bowling Green since Dr. Olscamp arrived on campus eight years ago. With the support of the Board of Trustees and the assistance of dedicated faculty and staff, there have been many important accomplishments. Some of those include:

Academic Programs

* Creation of Bowling Green's first endowed professorships, in management, finance, chemistry and philosophy.

* Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multi-billion dollar growth industry and some key research for that industry is being conducted at Bowling Green.

* Winning Ohio Eminent Scholar positions in photochemical sciences and applied philosophy.

* Addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at Bowling Green.

* Increasing to 53 the number of National Merit scholars enrolled, the most ever in University history and a figure that will place Bowling Green in the top 25 percent in the country.

* Establishing the University's first major scholarships for minority students.

* A network of more than 20 microcomputer labs throughout the campus, including labs in each residence hall, as part of an effort for all students to have a background in computer usage by the time they graduate.

* Securing more than $4.4 million from the Ohio Board of Regent's Selective Excellence Programs, which are designed to attract the world's top scholars to Ohio, conduct pioneering research and develop centers of excellence on the state's campuses. Eminent Scholars have been awarded in both the sciences and the humanities, which reflect a remarkable breadth of scholarship.

* Increasing library holdings to more than 4 million items, including 1.6 million books, plus journals, periodicals, microforms, government documents and other materials.

Physical Plant

* Nearly $66 million in state capital improvement funds for renovation and new construction projects.

* Completion of $7.2 million Physical Sciences Laboratory Building in 1984.

* A $3.65 million addition to the Business Administration Building completed in 1988.

* A $9.1 million addition to the Fine Arts Building scheduled to get underway in the next 18 months.

* Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzel halls. Construction of a $2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.

University Finances

* Growth in the University endowment from $1.9 million in 1982 to more than $20 million by the end of 1989.

* Creation of an internal endowment fund of $4 million from various University reserves. The balance is approaching $8 million and is expected to reach $10 million in three years. Interest on the $10 million principle will be used to supplement the academic budget.

* Developing a plan that restructures debt service obligations and is projected to result in a $35 million principal in 11 years. Interest on that amount, which could approach $3 million annually, will go toward the academic budget.

* Most successful fund raising drive in University history. With the assistance of the development and alumni office, the 75th Anniversary Fund raised more than $15 million in three years; well above the $12.5 million goal. Donations included the University's first two $1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a $3 million grant to the Social Philosophy and Policy Center.

HALL OF FAME PRESENTATION

Ritter Collett (National Football Foundation), Doyt Perry, Paul Olscamp (BG President), and Jack Gregory (BG Athletic Director), gathered at mid-field last October for Perry's College Football Hall of Fame presentation. More than 18,000 fans were on hand for the event at BG's Doyt L. Perry Field.

JACK GREGORY

Since his appointment eight years ago as athletic director, John C. (Jack) Gregory has set a standard of excellence designed to place Bowling Green State University on equal terms with today's elite intercollegiate athletic programs.

In his first seven years at Bowling Green, Gregory has challenged his staff of administrators, coaches and classified workers to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU — moments such as:

- the 1984 NCAA Division I Ice Hockey Championship;
- 12 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, and men's golf;
- two California Bowl appearances;
- three MAC post-season tournament championships;
- three Central Collegiate Hockey Association regular season championships;
- one CCHA post-season tournament championship;
- 11 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including a MAC record five appearances in the last two years and seven in the last three years;
- three home NCAA events the last two years in hockey, softball and women's basketball, the most ever for a MAC member over a two year period;
- and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's 72 years of intercollegiate athletics, a time when BGSU and the MAC were fighting for NCAA Division 1-A status in football. Behind Gregory's leadership, the football program attained 1-A status.

During his tenure here, BGSU has proven to be a marketing and promotions leader. Record crowds have attended Falcon football, hockey and women's basketball games. Crowds have swelled, too, in sports like soccer, volleyball, gymnastics and softball. In 1983, 33,527 fans packed Doyt L. Perry Field to witness the annual college football classic between Bowling Green and Toledo. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, giving BGSU the second-largest average attendance (22,422) in MAC history. In 1987, Bowling Green set still another MAC attendance record by playing in front of 84,574 fans at Penn State.

Sell-out crowds for BGSU hockey games are also a tradition, making game tickets the hottest item in town each winter. This year, the BGSU Ice Arena will attract even larger crowds; an additional 1,700 seats have been added to the north end of the arena.

With the growing interest in TV sports programming, Gregory has aggressively negotiated for live television coverage of BGSU sports events. Last year, Falcon football, basketball and hockey all attracted live TV coverage. The 1989-90 year promises more of the same. Falcon football and basketball will be seen again around the country as part of the MAC Game of the Week on Master Video Productions, while Falcon hockey will continue to play in front of a national TV audience as part of the CCHA Game of the Week on Pro-Am Sports.

Gregory, 61, has also been instrumental in the record-breaking development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed the Toledo, Cleveland and west central Ohio areas, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed a director for academic and regulatory affairs in 1984, the first such appointment in the MAC. Today's student-athlete is offered every opportunity for a fulfilling educational experience at BGSU. Many student-athletes have earned academic honors, such as the 134 BGSU scholar-athletes with grade point averages of 3.0 or better in 1988-89. In just the last three years, 11 BGSU scholar-athletes have been named Academic All-Americans, an uncommon distinction among MAC schools.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory came to Bowling Green from Yale, where he served for four years as associate athletic director.

Gregory began his professional career in 1952 as a teacher and coach at William Penn High School in New Castle, Delaware, and later at P.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as head football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

Gregory was named assistant football coach at the U.S. Naval Academy, and, in 1967, he was named head football coach at Villanova University. In 1969, he moved to the University of Rhode Island, where he served as head football coach for seven years. In his 25 years on the high school level and at East Stroudsburg, Villanova and Rhode Island, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year.

Gregory was lured away from coaching in 1976 by the Green Bay Packers of the National Football League and served in the personnel department for three years before moving to Yale.

Jack and his wife, Peg, reside in Bowling Green and are the parents of two sons and one granddaughter.

DR. PAT CLEVELAND

An interview with the BGSU's director of academic and regulatory affairs.

For the last five years, Dr. Pat Cleveland has served as director of academic and regulatory affairs within the athletic department at BGSU. Below, she comments on her work. . .

• *On her role in the athletic department. . .*
"It is my job to serve as a liaison for the athletic department between our coaches and student-athletes and our campus faculty and administrative offices. I also help interpret NCAA, MAC and BGSU academic eligibility requirements. Perhaps most important, it is my job to work directly with our student-athletes, to care about their academic careers, so that they have an opportunity to make the very most of their college education. We want to see all of our student-athletes graduate. Everything that we can possibly do to support their academic as well as athletic endeavors falls within the responsibilities of my office."

• *On her office's objectives. . .*
"It is our very strong goal that all of our student-athletes have the opportunity to become fully involved in their academics and to find the majors which will fulfill their career goals. We know that there are many constraints and pressures in the lives of student-athletes, and consider it our responsibility to do all we can do to provide them with the information and support they need to make informed decisions. I see my role as encouraging our student-athletes to set high goals and helping them to strive to achieve these goals with the same dedication they devote to their athletic pursuits."

• *On her office's accomplishments. . .*
"We have much to be proud of in our student-athletes. Bowling Green is an excellent university at which to be a student and an athlete. We have a strong undergraduate program of study, with solid academic programs across the board supported by a university-wide core of general/liberal arts coursework. Our athletic programs have a long history of success and integrity, which has created a mutually supportive climate of relationships between the athletic department and the university faculty — a climate in which our student-athletes have demonstrated outstanding successes both in the classrooms and on the playing fields. Over the past four years, nearly 30 percent of our student-athletes have maintained a 3.0 or better grade point average, and since 1986, Bowling Green has produced 11 Academic All-Americans.

• *On academic advising. . .*
"Bowling Green has a reputation as a university which provides strong academic undergraduate programs and support services. Our students benefit from a year-around, professional advising system centered in our six colleges and 170 majors, and from our nationally-recognized summer orientation and pre-registration program, in which the athletic department participates each year. The students' academic advisors are perhaps the most important people in their academic lives, inasmuch as they are professional role models. We know that only a few of our student-athletes will go on to pursue professional careers in athletics, but we expect all of our students to leave the university as professionals."

• *On tutoring. . .*
"BGSU provides all students a wide variety of academic skills workshops and laboratories as well as tutoring and counseling services administered by a number of campus offices. In addition, the athletic department provides a full range of academic support services tailored to the academic interest and needs of our student-athletes. I have a philosophy about tutoring. I think that tutoring is NOT remediation, but rather should be thought of as 'performance enhancement,' which builds upon the skills that students bring with them. That's the attitude I would like to see our student-athletes take in getting help from our tutors in the athletic department. Each year, we hold an academic skills workshop for all of our new students. We tell them all of the kinds of things which lead to good habits and good grades. That is followed by our walk-in tutoring facility in Hayes Hall, where we have tutors on duty in math, stats, accounting, economics, biology, chemistry and social science. Our student-athletes can use these tutors at no charge as much as they want throughout the whole semester. As a matter of fact, the people who have made the best use of our tutors have been our best students. They want to maintain that competitive edge."

CREDENTIALS: Requests for working press credentials should be made to Chris Sherk, Sports Information Director, BGSU. Requests should be made at least one week in advance. Late requests will be honored if space is available but parking cannot be guaranteed for requests less than one week in advance. Scouts and non-working media will be seated if space is available. Requests are screened with care to insure a working press box. **Children, spouses and pets are not allowed** in compliance with the working code of the Football Writers Association of America.

INTERVIEWS: All interviews with members of the team during the season should be arranged through the sports information office. Please **allow 24 hours to set up interviews** with players. Arrangements will be made for telephone and in-person interviews at a time that is mutually agreeable to the reporter/broadcaster and the athlete. The best time to call Coach Ankney is between **10:30-1 p.m.,** weekdays. Any television crews wishing to tape an interview with Coach Ankney may do so daily at **3 p.m. SHARP,** just prior to practice.

MEDIA DAY: The annual pre-season media day will be held on **Monday, August 14** at Doyt L. Perry Field. The players and coaching staff will be available for photographs and interviews by members of the radio, television and print media.

PARKING: A special media parking lot is located adjacent to Doyt L. Perry Field, near the southwest corner of the stadium. Access to the media lot is by Alumni Drive which connects Mercer Road (near the Alumni Center) and Wooster Street (near the Information Booth). Admission to the media lot is restricted to people holding special parking passes acquired from the sports information office.

PHOTOGRAPHERS: Photo passes for newspaper photographers, and, under special circumstances, for free-lance photographers are available from the sports information office. Photo passes entitle the photographer access to the sideline, and to the locker room after the game, but not to the press box.

POST-GAME COMMUNICATIONS: There are three telephones in the press box for use after the game. After the sports information staff completes reports to the wire services and television stations, and beeper reports to the radio stations, these phones are available, free of charge, to members of the media for collect calls. One **Ricoh Fax 20 will also be available on a first-come, first-served basis with prior notification.**

POST-GAME INTERVIEWS: The locker rooms are on the east side of the stadium, and can be entered through the tunnels at either the north or south end. Only people with proper credentials will be admitted. Coach Ankney and his players will be available for post-game interviews in a designated area following the normal cooling-off period.

PRESS BOX SERVICES: Members of the media will be provided with game programs, flip cards, current statistics and last-minute pre-game notes prior to the start of the game. Statistical summaries will include play-by-play, halftime stats, complete team and individual stats, tackles, and post-game coaches' quotes. A light snack will also be available.

PRESS CONFERENCE: Coach Moe Ankney will hold a regular weekly press conference during the season on Tuesday at 11:00 a.m. in his office on the east side of the stadium. All members of the media are welcome to attend.

PRESS GATE: The press gate (Gate 2) at Doyt L. Perry Field is at the southwest corner of the stadium, a short walk from the media parking lot.

RADIO: There are radio booths in the press box at Doyt L. Perry Field. Requests for permission to broadcast must be made in writing at least **THREE WEEKS** prior to the game. A rights fee of **$100** will be charged to broadcast. The fee will be waived for the official station of the visitors. There is space in each booth for four persons, but no spouses or children are allowed. Phone lines can be ordered through General Telephone Company (419/668-3785).

TELEVISION: There are no regularly reserved booths for television, so anyone wishing to televise a game from Doyt L. Perry Field should contact the sports information office at least **ONE MONTH** prior to the game, and preferably before the start of the season.

SPIRIT & TRADITION

Alma Mater

Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.

Time will treat you kindly
Years from now you'll be
Ever dearer in our hearts,
Our University.

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.

When all is just a mem'ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.

Retired Jersey

The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73, when he rushed for 3,239 yards and 25 touchdowns. He was a three-time All-Mid-American Conference running back, gaining more than 1,000 yards in each of his three years on the varsity.

Frieda & Freddie Falcon

Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games.

Ay Ziggy Zoomba

Bowling Green's unofficial fight song. (The official fight song is "Forward Falcons"). No one knows who wrote "Ay Ziggy Zoomba," but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film, "Paper Lion." The Falcon football team traditionally sings "Ay Ziggy Zoomba" after each victory.

Why The Falcons?

The 1989 season marks the 62nd anniversary of Bowling Green's nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake '23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were "the most powerful bird for their size and often attacked birds two or three times their size."

Why Orange and Brown?

Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman's hat on a bus trip to nearby Toledo, OH. He liked the brown and orange color combination. So, too, did former Cleveland Browns' Head Coach Paul Brown. Following a trip to the BGSU campus in the 1940s, Brown borrowed the colors for his All-America Football Conference teams. The Falcons and Browns still share their colors today.

Bowling Green holds the Mid-American Conference record for single-game attendance (33,527).
